## PIRATE TRAINING CLUES

Yarr! Pirate training consists of searching Sydney Cove for treasure with... your digital cameras. Treasure is measured in... uh coins?

*If you haven't already, read the hints in the Captain's Instructions!*

Don't cheat – and if you do split into two 'sub crews', you must come together at or before the docks, and *never more than 1 camera per sub crew!*

**Rules:** Clues come in **5 categories**. Each category has **two mandatory** clues indicated by . 10% of your final coin booty is removed for each mandatory clue not completed. For movie clues simple, short digital camera movies are fine. Bonus coins may be liberally awarded by the judges for 'achievement' or 'humour'!

Consider **coin values** carefully, harder clues have more coins!

### CATEGORIES

- **Stranger Love** –snapping or requesting a stranger to do something
- **Yarr Crew** – requires one or more crew members
- **Search & Find** – keep your eyes open and shoot
- **Interpret...** –use lateral thinking, creativity and sense of humor
- **Like A Challenge?** – for daring pirates much booty is available!

Also – *right now*, or during the day, please take a photo of your *entire crew!*
